

Fox C-6 Framework for Student Success

Competency #2
January 2023

Standards

Personal Choices

Self-Efficacy

Digital Citizenship

Resisting Negative

Social Pressures

During the Month of January, Fox C-6 will be celebrating and supporting **RESPONSIBLE DECISION MAKING** in our schools and buildings and around the district.

As we continue our journey towards providing our students with the tools to be successful, we look for opportunities to engage our students in personal choice, reflection, and decision making.

We thank you for setting the foundation of responsibility in your homes and know that together, we are providing our students with tools for success!

Goal: Our students will be confident in making healthy and responsible decisions across a multitude of situations and understand the impact of their decisions on self and others.
