Independent Auditors' Report

Board of Education
Fox C-6 School District

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Fox C-6 School District (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2017, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The management's discussion and analysis, supplementary information, and schedule of selected statistics are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The management's discussion and analysis, supplementary information, and schedule of selected statistics, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The schedule of expenditures of federal awards as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing standards applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing procedures generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

The Management's Discussion and Analysis (MD&A) of Fox C-6 School District (the District) provides an overview and analysis of the District's financial activities for the fiscal year ended June 30, 2017. The intent of the MD&A is to look at the District's financial performance as a whole. Readers should also review the financial statements found in the financial section and the notes thereto to enhance their understanding of the District's financial performance.

The financial statements of the District have been prepared on the modified cash basis of accounting, as applied to local governmental units, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Differences in the modified cash basis of accounting and accounting principles generally accepted in the United States of America arise in the recognition of revenue when received, rather than when earned, and the presentation of expenditures/expenses when paid rather than when incurred. Additional information on the District's modified cash basis of accounting can be found in the notes to basic financial statements.

The MD&A is voluntarily provided additional information provided by the District which is specified in the Governmental Accounting Standards Board (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in 1999. Certain comparative information between the current year, 2016-2017 (FY17), and the prior year, FY16, is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for the fiscal year ended June 30, 2017, include the following:

- The governmental activities net position was \$25,276,844 as compared to \$24,531,854 the previous year. The governmental funds ending fund balances were \$23,201,534 as compared to \$21,306,496 the previous year.
- Program revenues collected made up 16% of the total revenues collected for the year ended June 30, 2017 as compared to 13% the previous year. These program revenues collected covered 16% of the program expenditures paid leaving 84% to be covered by general revenues collected and fund balances, as compared to 13% of the program expenditures paid leaving 87% to be covered by general revenues collected and fund balances the previous year.

Using the Basic Financial Statements

The District's basic financial statements consist of a series of financial statements and the associated notes to those statements. The statements are organized so the reader can understand the operations of the District as a whole (i.e., an entire operating entity). The "Basic Financial Statements" section includes government-wide financial statements, fund financial statements and notes to financial statements.

FOX C-6 SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

The government-wide financial statements, consisting of the Statement of Net Position and the Statement of Activities, provide highly consolidated financial information and render a government-wide perspective of the District's financial condition. They present an aggregate view of the District's finances. These statements seek to answer the question, "How did the District do financially during the 2016-17 fiscal year?" These statements include all cash and investments using the modified cash basis of accounting.

By showing the change in net position for the year, the reader may ascertain whether the District's financial condition has improved or deteriorated. The changes which are discussed in this MD&A may be financial or non-financial in nature. Non-financial factors which may have an impact on the District's financial condition include increases in or erosion of the property tax base within the District, facilities maintenance and condition, mandated educational programs for which little or no funding is provided, or other external factors.

To provide greater in depth reporting of the District's financial position and changes in financial position, fund financial information is presented in the "Fund Financial Statements". These fund financial statements, which should be familiar to those who have read previous governmental financial statements, report governmental fund activities on a modified cash basis, indicating modified cash basis sources and uses of funding.

Fund financial statements also provide more in-depth data on the District's most significant funds, its General Fund, Special Revenue Fund, Debt Service Fund and Capital Projects Fund. These funds are considered "major funds" by the Missouri Department of Elementary and Secondary Education. The relationship between governmental activities reported in the government-wide financial statements and the governmental funds reported in the fund financial statements are reconciled in the financial statements.

The financial statements of the proprietary fund present financial information relative to the internal service fund, which accounts for the District's self-insured healthcare plan.

The fiduciary fund is used to present information related to the agency fund, which accounts for flex spending claims and contributions deducted from employees' pay checks. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for the fiduciary funds is presented on the modified cash basis of accounting which is consistent with the other funds of the District.

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

As reflected above, the expenses paid for the District's governmental activities for the years ended June 30, 2017 and 2016, of \$124,444,715 and \$147,798,829, respectively, are not all borne by the taxpayers of the District. Of these amounts \$8,507,979 and \$7,812,225 were paid by those who benefited from the services rendered (i.e., charges for school lunches) and \$10,991,495 and \$11,167,969 were paid through federal and state grants and contributions for the years ending June 30, 2017 and 2016, respectively.

Consequently, for the years ending June 30, 2017 and 2016, respectively, the net costs of \$104,945,241 and \$128,818,635, after taking into consideration these fees and grants, were paid from other general revenues, which include property taxes paid by the taxpayers of the District as well as other taxes, additional state funding and net position.

The next table shows the total cost of programs and the net cost of these programs (after deducting charges for services and grants and contributions revenue collected for the various categories of expenses paid) for the years ended June 30, 2017 and 2016. The net cost presentation allows the taxpayers of the District to determine the remaining cost of the various categories which were borne by them or paid from other general revenues and fund balances, and allows them the opportunity to assess the cost of these functions in comparison to the benefits received.

Governmental Funds Financial Analysis

The District uses funds to control and manage money for particular purposes (i.e., dedicated taxes and bond proceeds). The fund financial statements allow the District to demonstrate its stewardship over and accountability for modified cash basis resources provided by the taxpayers and other entities. These statements also allow the reader to obtain more insight into the modified cash basis financial workings of the District and assess further the District's financial health.

The District completed the fiscal year ended June 30, 2017, with a combined fund balance for Governmental funds of \$23,201,534, as compared to a combined fund balance of \$21,306,496 at June 30, 2016, for an increase of \$1,895,038.

The fund balance of the operating funds (General and Special Revenue) increased by \$47,698 as compared to a decrease of \$37,126 the previous year. Transfers were made from the General Fund to the Capital Projects Fund during FY17 in the amount of \$2,990,000.

The fund balance of the Debt Service Fund increased by \$270,876 compared to an increase of \$393,210 the previous year. The \$4,899,265 fund balance of the Debt Service Fund is legally restricted for payment of bond principal, interest and related fees.

The fund balance of the Capital Projects Fund increased by \$1,576,464 compared to a decrease of \$1,471,175 the previous year.

The major source of revenue for operations and debt service is current local property taxes amounting to \$39,100,503. This is derived from the District's operating levy of \$4.2806 and the debt service levy of \$.3693 for a total levy of \$4.6499. Other significant local revenues are \$2,104,537 from delinquent local taxes, \$11,148,669 from Proposition C revenue, \$1,846,509 from food service, \$2,062,623 from community services and \$4,345,906 from student activities.

County revenues of \$2,901,861 are derived from state assessed utility property of \$2,711,475 and county fines of \$190,386.

State funding which makes up 44% of total revenues collected, decreased from the previous year by \$612,778 to \$53,460,453. The State Foundation Formula for Basic State Aid was \$44,306,179, a decrease of \$426,671 from the previous year.

Budgetary Highlights

Over the course of the year, the Board of Education revised the District's budget to take into consideration expected changes in revenues collected or expenditures paid. Missouri Statutes for Public School Finance, Section 67.010, RSMo requires a budget amendment if anticipated expenditures are in excess of budgetary goals. The original budget was adopted on June 28, 2016.

Statements comparing fund modified cash basis revenues and expenditures to the original and final budgets are provided in this report. General fund revenues were greater than the original budget reflecting the less than anticipated local revenues, state revenues, and Federal revenues. Total expenditures were less than the original budgets primarily due to expenditures being reduced as a result of the uncertainties in state funding and the warnings of further reductions projected for the next few years.

FOX C-6 SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

Capital Assets and Debt Administration

Capital Assets

The District operates under the modified cash basis of accounting, therefore, capital asset purchases are recorded as expenditures and depreciation is not recognized. Capital assets are not reflected in the financial statements. Capital expenditures declined and bond issuances were exhausted in previous years. Capital expenditure decreased as a fund total.

Long-Term Obligations

At June 30, 2017, the District had outstanding general obligation bonds of \$35,320,000 after principal payments of \$1,915,000 made during the year.

State statutes limit the amount of general obligation debt a school district may issue to 15% of the assessed valuation. The debt limitation is \$132,808,044 at June 30, 2017, based on the December 31, 2016 assessed values.

The District has capital leases with outstanding future principal lease payments of \$26,193,859 at June 30, 2017, after principal payments of \$2,978,636 were made during the year.

The District holds energy loans with the Department of Natural Resources (DNR) with an outstanding balance of \$110,532. Principal payments were made during the year in the amount of \$15,680.

The District operates on the modified cash basis of accounting, therefore, payments on long-term obligations are recorded as expenditures. Long-term obligations are not reflected in the financial statements. Information related to long-term obligations is disclosed in the notes to the financial statements.

Economic Factors

After budget amendments the District adopted a budget with a growth in fund balance. Budget controls were enforced to attempt a balanced budget. As state and county funding fell behind previous years, the increase in Local and Federal funding was able to make up for this shortfall and appropriately offset expenditures. The District amended the final budget to match the final expenditures and revenues.

District average daily attendance appears to be stagnant and therefore revenue sources are at a standstill. At this time no new sources of funding are expected. The method of the state foundation formula has been modified; therefore, future funding sources from the State are uncertain.

FOX C-6 SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

The original budget was passed as a deficit, but with continuous monitoring and aggressive budget control, the District was able to end the 2016-2017 year with a total increase in fund balance across all funds. This has been accomplished through consideration with appropriate building improvements. Attempting to work within budget restraints is necessary to avoid using fund balance unless absolutely necessary to maintain facilities and avoid detriment to student achievement.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Fox C-6 School District (the District) operates under the regulations pursuant to Section 162.092 RSMo of the Public School Laws of Missouri, which designates a Board of Education to act as the governing authority. The District provides educational services.

These financial statements are presented on the modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include relevant Governmental Accounting Standards Board (GASB) pronouncements.

Principles Determining the Scope of Reporting Entity

Generally accepted accounting principles require that the financial reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in the applicable GASB statements have been considered and there are no other agencies or entities that should be presented with the District.

While parent-teacher organizations of the District's schools provide financial support exclusively to the District, they are not included as a component unit because the amount of financial support provided is of a de minimus nature.

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The District has no business-type activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Amounts reported as program revenues include charges paid by the students for goods and services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures/expenses. The emphasis is placed on major funds. Each major fund is presented in a separate column while nonmajor funds, if applicable, are aggregated and presented in a single column.

The major funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the District and is used to account for expenditures for noncertified employees, pupil transportation, operation of plant, fringe benefits, student body activities, community services, the food service program and any expenditures not required or permitted to be accounted for in other funds.

Special Revenue Fund

The Special Revenue Fund is used to account for specific revenue sources that are restricted, committed, or assigned for the payment of salaries and certain employee benefits for certified personnel.

Debt Service Fund

The Debt Service Fund is used to account for and report financial resources that are restricted, committed or assigned for the periodic payment of principal, interest and fiscal charges on general long-term debt.

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary Fund

Internal Service Fund

The Internal Service Fund accounts for premiums collected for the payment of claims associated with the District's self insurance activities (primarily medical benefits). Expenses consist of medical claims paid.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

Fiduciary Fund

Agency Fund

The Fiduciary Fund is used to account for assets held by the District in a trustee capacity to pay for flex spending claims and contributions deducted from employees' paychecks. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the District's own programs.

Basis of Accounting

The government-wide financial statements and fund financial statements are prepared using a modified cash basis of accounting. This basis of accounting recognizes assets, net position/fund equity, revenues and expenditures/expenses when they result from cash transactions except that the purchase of investments are recorded as assets and payroll withholdings are recorded as liabilities. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, general obligation bonds payable and obligations under capital leases) and certain expenses (such as expenses for goods or services received but not yet paid) are not recorded in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the governmental fund financial statements would use the modified accrual basis of accounting, while the government-wide, proprietary fund and fiduciary fund financial statements would be presented on the accrual basis of accounting.

Cash and Investments

Cash resources from all funds, except the Debt Service Fund, are combined to form a pool of cash and temporary investments which is managed by the District's Chief Financial Officer. State law requires that all deposits of the Debt Service Fund be kept separate from all other funds of the District. Interest income earned is allocated to contributing funds based on each funds' proportionate share of funds invested.

The District may invest in United States Treasury-bills, notes, bonds, government agency and instrumentality obligations, repurchase agreements collateralized by government securities, time certificates of deposit and A1-P1 commercial paper.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

Restricted Assets

Restricted assets include cash and investments that are legally restricted as to their use. The restricted assets consist of amounts held for future general obligation bond principal and interest payments and amounts held for future medical claims payments.

Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board.

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's adopted policy, amounts may be assigned by the Chief Financial Officer.

Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned for those purposes, a negative unassigned fund balance may be reported.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions. The District has not reported any nonspendable or committed fund balances.

The details of the fund balances are included in the Governmental Funds Balance Sheet.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

Net Position

In the government-wide, proprietary fund and fiduciary fund financial statements, equity is classified as net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments. The remaining balance of net position is reported as unrestricted. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed.

Interfund Activity

Interfund transfers are reported as other financing sources (uses) in governmental funds. During the year the District transferred \$19,713,233 from the General Fund to the Special Revenue Fund. Transfers are made to the Special Revenue Fund in order to achieve a zero balance in this Fund. The District also transferred \$2,990,000 from the General Fund to the Capital Projects Fund. This transfer was to facilitate certain building improvements and purchases of equipment.

Teachers' Salaries

The salary payment schedule of the District for the year ended June 30, 2017 requires the payment of salaries over a twelve month period. Consequently, the July and August 2017 payroll checks are included in the accompanying financial statements as an expenditure paid in the month of June. This practice has been consistently followed in previous years.

NOTE 2 – CASH AND INVESTMENTS

The District is governed by the deposit and investment limitations of state law.

The District has investments managed by BOK Financial in conjunction with the Missouri Direct Deposit Program. These investments are restricted for payment of interest and retirement of general obligation bonds issued through the MOHEFA Bond Program. The District also participates in the Missouri Security Investment Program (MoSIP). All funds of these programs are invested in accordance with Section 165.051 of the Missouri Revised Statutes. Each school district owns a pro rata share of each investment or deposit which is held in the name of the Fund. The District had \$1,435,503 and \$139 invested through MOHEFA and MoSIP at June 30, 2017, respectively.

FOX C-6 SCHOOL DISTRICT

Deposits

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. All of the District’s deposits were covered by federal depository insurance or collateral held by the District or by its agent in the name of the District.

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. The District’s deposits were not exposed to custodial credit risk at year end.

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the district or its agent, but not in the government’s name. The District does not have a policy for custodial credit risk for investments. The District’s investments were not exposed to custodial credit risk at year end.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District has policies in place to minimize credit risk, the risk of loss due to the failure of the security issuer or backer by pre-qualifying the institution with which the District will do business and by diversifying the portfolio so that potential losses on individual securities will be minimized.

The credit ratings of the District's investments at June 30, 2017 are summarized in the schedule below.

	<u>Cost</u>
Missouri Direct Deposit Program	\$ 1,435,503
Missouri Security Investment Program	
Money market funds	<u>139</u>
 Total investments	 <u><u>\$ 1,435,642</u></u>

Concentration of Investment Credit Risk

Concentration of credit risk is required to be disclosed by the District for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). The District has policies in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities by requiring periodic review of diversification strategies. The District's investments were not exposed to concentration credit risk at year end.

NOTE 3 – TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. All unpaid taxes become delinquent January 1 of the following year. The county collects the property taxes and remits them to the District on a monthly basis.

Capital Lease

The District has separate lease agreements funded by lease participation certificates. The proceeds in prior years were used to acquire a new school building, fund certain building improvements, purchase equipment, acquire new school buses and other vehicles, and redeem the remaining Series 2006 certificates of participation of \$2,250,000 and advance refund and defease \$6,005,000 of Series 2007 and \$6,860,000 of Series 2008 certificates of participation. As of June 30, 2017, the total debt outstanding that is considered to be defeased is \$6,860,000.

FOX C-6 SCHOOL DISTRICT

Less amount representing interest	<u>(5,695,836)</u>
Present value of future minimum lease payments	<u>\$26,193,859</u>

Legal Debt Margin

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a District to fifteen (15%) percent of the assessed valuation of the District (including state-assessed railroad and utilities). The legal debt margin, computed excluding the assessed valuation of State assessed railroad and utilities, of the District at June 30, 2017, was:

Constitutional debt limit	\$ 132,808,044
General obligation bonds payable	(35,320,000)
Amount available in Debt Service Fund	<u>4,899,265</u>
Legal debt margin	<u>\$ 102,387,309</u>

NOTE 5 – PENSION PLANS

The District contributes to The Public School Retirement System of Missouri (PSRS), a cost-sharing multiple-employer defined benefit pension plan. PSRS provides retirement and disability benefits to certificated employees and death benefits to members and beneficiaries. Positions covered by The Public School Retirement System are not covered by Social Security. PSRS benefit provisions are set forth in Chapter 169.010-.141 of the Missouri Revised Statutes.

The statutes assign responsibility for the administration of the system to a seven member Board of Trustees. PSRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: The Public School Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102, or by calling 1-800-392-6848.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

PSRS members are required to contribute 14.5% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the PSRS Board of Trustees. The District's contributions to PSRS for the year ending June 30, 2017, 2016 and 2015 were \$9,049,737, \$9,343,737 and \$7,983,363, respectively, equal to the required contributions.

The District also contributes to The Public Education Employee Retirement System of Missouri (PEERS), a cost-sharing multiple-employer defined benefit pension plan. PEERS provides retirement and disability benefits to employees of the district who work 20 or more hours per week and who do not contribute to The Public School Retirement System of Missouri. Positions covered by The Public Education Employee Retirement System of Missouri are also covered by Social Security. Benefit provisions are set forth in Chapter 169.600-.715 of the Missouri Revised Statutes. The statutes assign responsibility for the administration of the system to the Board of Trustees of The Public School Retirement System of Missouri. PEERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: The Public Education Employee Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102 or by calling 1-800-392-6848.

PEERS members are required to contribute 6.86% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the Board of Trustees. The District's contributions to PEERS for the year ending June 30, 2017, 2016 and 2015 were \$1,122,308, \$1,087,864 and \$1,111,465, respectively, equal to the required contributions.

NOTE 6 – CONTINGENCIES

Grant Audits

The District receives Federal grants and State funding for specific purposes that are subject to review and audit. These reviews and audits could lead to requests for reimbursements or to withholding of future funding for expenditures disallowed under, or other noncompliance with terms of the grants and funding. The District is not aware of any noncompliance with Federal or State provisions that might require the District to provide reimbursement.

Litigation

Various claims and lawsuits are pending against the District. In the opinion of District management and legal counsel, the potential loss on all claims and lawsuits will not be significant to the District's financial statements.

FOX C-6 SCHOOL DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7 – DEFERRED COMPENSATION PLAN

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency. In accordance with IRC Section 457, the deferred compensation is put in accounts under the participating employee's name. The plan is administered by independent plan administrators through administrative service agreements. The District's administrative involvement is limited to transmitting amounts withheld from payroll to the plan administrator who performs investing functions. The assets will not be diverted for any other purpose. Therefore, the financial activity of these plans is not reported in the District's agency fund.

NOTE 8 – SELF-INSURED AND POST EMPLOYMENT BENEFITS

The District retains the risk related to its obligations to provide medical benefits to participating employees. These employees contribute to the self-insurance fund through payroll deductions based on their coverage election. However, the District's maximum liability for each employee or in the aggregate for a one-year period is limited by excess insurance coverage.

The District permits its retirees to participate in the medical insurance programs offered to current employees, including the District's self-insurance program. Retirees pay 100% of the insurance premiums or applicable contributory amounts in the case of the self-insurance program. The amount of medical benefits paid through the self-insurance program during 2017 for retirees, in excess of their contributions, is not readily determinable.

NOTE 9 – TAX ABATEMENTS

The City of Arnold authorized the following tax abatement through Chapter 100 bonds during December 2012 and December 2015, in the amounts of \$88,000,000 and \$150,000,000 for the purpose of supporting the local industry which is Metal Container Corporation a subsidiary of A-B InBev. This abatement was to provide financing to support two expansions of the can plant operated by Metal Container Corporation. As the assessment of the value of this abatement is not within the scope of the Jefferson County Assessor's office, it is undetermined the amount which is abated through this issuance.

NOTE 10 – SUBSEQUENT EVENTS

On September 15, 2017, the Board of Education approved \$4.925 million in General Obligation Refunding Bonds, Series 2017. The bond issue is for refunding \$6.2 million in general obligation bonds from the 2006 issue. The issue is projected to save the District approximately \$488,000 in present value interest costs.

FOX C-6 SCHOOL DISTRICT

NOTES TO SUPPLEMENTARY INFORMATION

NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 67 RSMo, the District adopts a budget for each fund.
2. Prior to July, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated revenues and proposed expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
3. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
4. Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
5. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board.
6. Budgets are adopted on the modified cash basis of accounting for all governmental funds.
7. Capital outlay acquired through capital lease obligations are netted and not reported as an expenditure and the proceeds are not reported as an other financing source for budgetary purposes.

**Independent Accountants' Report on
Compliance with Specified Requirements of
Missouri Laws and Regulations**

Board of Education
Fox C-6 School District

We have examined the Fox C-6 School District's compliance with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure by the Fox C-6 School District's records of average daily attendance and average daily transportation of pupils and other statutory requirements as listed in the Schedule of Selected Statistics for the year ended June 30, 2017. Management of Fox C-6 School District is responsible for Fox C-6 School District's compliance with the specified requirements. Our responsibility is to express an opinion on Fox C-6 School District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether Fox C-6 School District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Fox C-6 School District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on Fox C-6 School District's compliance with specified requirements.

In our opinion, Fox C-6 School District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2017.

This report is intended solely for the information and use of the Board of Education, District management, the Missouri Department of Elementary and Secondary Education and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

Board of Education
Fox C-6 School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Fox C-6 School District as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Fox C-6 School District's basic financial statements, and have issued our report thereon dated December 1, 2017. Our report on the basic financial statements disclosed that, as described in Note 1 to the financial statements, the District prepares its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fox C-6 School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fox C-6 School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fox C-6 School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Fox C-6 School District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fox C-6 School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fox C-6 School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fox C-6 School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Education
Fox C-6 School District

Report on Compliance for Each Major Federal Program

We have audited the Fox C-6 School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Fox C-6 School District's major federal programs for the year ended June 30, 2017. The Fox C-6 School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Fox C-6 School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Fox C-6 School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Fox C-6 School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Fox C-6 School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the Fox C-6 School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Fox C-6 School District's internal control over compliance with types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Fox C-6 School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal award activity of Fox C-6 School District (the District) under programs of the federal government for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District and is reported on the modified cash basis of accounting, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain expenditures are not allowable or are limited as to reimbursement.

The District has not elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 – SUBRECIPIENTS

There have been no awards passed through to subrecipients.
